#### THE PHIZE WINNERS.

The Competitive Drill at Co. B Armory

Last Evening

As an incentive to the members of Co. B.

Grand Rapids Guards, to sequire greater proficiency in military drill, it was some months ago decided to offer a gold modal to the best drilled private and non-commissioned officer, who should be declared such by a set of judges at a regular drill of the company. Last evening was named for the contest, and a general invitation was extended to the public to be present. Early in the evening the Armory on Ionia street was of the Committee on Lamps and approved, filled with the friends of the members, a good majority of whom were ladies. Custer Guard, Co. I, as invited guests, marched into the hall in fine shape and broke ranks. The judges, Capt. A. B. Porter, Maj. Calkins, Col. J. C. Herkner of this city, Maj. Calkins, Cot. J. C. Herkner of this city, Capt. Chester of the Ionia Light Guard, and Lieut Gardner, U. S. A., occupied a platform at the north side of the armory, and Capt. McGurrin drew up his men opposite and facing them. Eighteen privates, who seemed willing to participate in the contest, took their places in line and went through the manual of arms in an almost facilties manner. After the usual round of orders had been executed the members would come to a parade rest, while the less proficient were singled out to retire with good grace, and in every instance, in good spirit. This was repeated until Private Fred Rend was left, like the last rose of Summer, blooming alone, to be declared the winner in his class and receive the congratulations of his comrades.

Nine non-commissioned officers then took their places and went through a simi-

Khedive. The Mahdi has also written to Emir Shendy, enclosing a sum of money, which is to be augmented by ransoms which the Mahdi expects for Christian missionaries and nuns, whom he holds as prisoners. The money is to be used to establish a school of Divinity to accommodate 250 scholars of the new faith. The Mahdi, in his proclamation to the army, promises imme liste entrance into elysium to the soldiers who fall in battle against infidels. At all points the renewed activity of Mahdism gives credence to reports that the Government will reoccupy Dongola, a point much better suited for the military protection of Egypt than Wady-Halfa, the present frontier post.
